PHILIPPINES

video

STEP Conference 2015 is a **2-day Ed Tech forum** that aims participants **to learn**, **to exchange ideas** and **to survey** the field of **education technology**. This event attracts educators, technology coordinators, school administrators, educational media enthusiast, parents and policy makers. Also, this is a gathering of educators and an opportunity **to widen your network with other teachers** from the various schools nationwide. **This conference also caters for educators who are not familiar** with the integration of instructional technology in the classroom.
